ICBA PAC contributions are not tax deductible as charitable contributions for federal income tax purposes. ICBA PAC funds are used to make political contributions to federal campaigns of candidates and elected officials being educated about our industry and that support community banks. Federal Law requires political committees to report the name, mailing address, occupation, and name of employer for each individual whose contributions aggregate in excess of $200 in a calendar year. The proposed contribution amounts are guidelines; you may choose to contribute more or less or not at all without reprisal. ICBA PAC may only accept contributions from US Citizens/green card holders.
