Dear Senator Cochran, Senator Leahy, Representative Frelinghuysen, and Representative Lowey:

As you prepare to draft the FY 2018 Continuing Resolution (CR), we request that you provide language within the anomalies package concerning the Farm Service Agency’s (FSA) farm loan programs.

As you know, the demand for farm loans is not linear. The FSA has greater demand for their loan programs earlier in the year than later, given the planting season. Typically January, February, March and April are the busiest months. In the FY 2017 CR the Congress included additional flexibility in the anomaly package for FSA and we respectfully ask that you do so again for this and any subsequent CRs that pass.

Thank you for your consideration and hard work on behalf of rural America.

Sincerely yours,

Ben Herink, Legislative Chair, National Association of Credit Specialists

Thomas Moser, FSA Committee Chairman, National Rural Lenders Association
Greg Fogel, Policy Director, National Sustainable Agriculture Coalition

Todd Van Hoose, President and CEO, The Farm Credit Council

Edwin Elfmann, Vice President Congressional Relations, American Bankers Association

Mark Scanlan, Senior Vice President, Independent Community Bankers of America
