The Honorable Nancy Pelosi
Speaker
House of Representatives
Washington D.C. 20515

The Honorable Kevin McCarthy
Minority Leader
House of Representatives
Washington, D.C. 20515

Dear Speaker Pelosi and Leader McCarthy:

On behalf of community banks across the country, with more than 52,000 locations, I write to thank you for scheduling today's floor vote on the Corporate Transparency Act (H.R. 2513), sponsored by Representative Carolyn Maloney. **ICBA urges all members of the House of Representatives to vote YES on H.R. 2513. ICBA also urges the House of Representatives to vote YES on the Waters Amendment to H.R. 2513 which would add the Coordinating Oversight, Upgrading and Innovating Technology, and Examiner Reform Act (H.R. 2514), sponsored by Representative Emanuel Cleaver, to H.R. 2513.**

H.R. 2513 would require corporations and limited liability companies to disclose their "beneficial owners" to the Financial Crimes Enforcement Network (FinCEN) at the time the company is formed. This requirement would create more transparency and thereby deter the abuse of anonymous legal entities for money laundering, corruption, fraud, terrorist financing and sanctions evasion. H.R. 2513 would further require FinCEN to modify its Customer Due Diligence Rule, which requires banks to collect information on the beneficial owners of legal entities that open accounts, to remove any redundancies with the new requirement.

ICBA strongly supports H.R. 2513 because FinCEN collection of beneficial owner information, as opposed to its collection by banks, would provide uniformity and consistency across the United States. Making the formation of an entity contingent on receiving beneficial owner information more directly would create a strong incentive for equity owners and investors to provide such information. ICBA thanks Representative Maloney for introducing this important legislation.

The Waters Amendment would add H.R. 2514 to H.R. 2513, which would make numerous changes to the Bank Secrecy Act. Among the provisions of H.R. 2514 that ICBA supports are, first, the creation of a much-needed feedback loop between law enforcement and the banks that invest significant resources in BSA compliance. Identification of "typologies" will help banks better direct their resources and result in more efficient and effective collection of information for both banks and law enforcement. Second, H.R. 2514 recognizes the outdated currency transaction report (CTR) thresholds and would begin to address the filing of CTRs by indexing this threshold to inflation with adjustments made in five-year increments. While indexing this threshold to inflation is a welcome first step, ICBA believes immediate and more robust relief is

needed. CTR filings are a primary source of community bank compliance burden and expense, diverting resources that could be better directed toward community lending. The CTR threshold of \$10,000 was set in 1970 and has not been changed.

ICBA continues to call for a CTR threshold of \$30,000, significantly less than the threshold would be if it had kept pace with inflation, and a suspicious activity report (SAR) threshold of \$10,000.

Thank you again for scheduling consideration of H.R. 2513 and the Waters Amendment. These pieces of legislation are critical to community banks and their ability to best serve their customers and communities.

Sincerely,

/s/

Rebeca Romero Rainey
President & CEO
