Neural Payments - Cincinnati, OH

Neural Payments offers a P2P solution via a hybrid with closed and open loop payment capabilities leveraging existing front and back-office systems.

Mick Oppy, CEO | mick@neuralpayments.com | neuralpayments.com

Pidgin - Atlanta, GA

Pidgin is a faster payments platform with a uniquely powerful administration portal, user-centric front-end applications, and developer-friendly APIs. Engineered to deliver innovation both today and in the future, no matter how payments evolve, Pidgin allows financial institutions to send and receive faster payments almost instantly, but in a more secure way than virtual wallet alternatives. When using Pidgin, money is kept within the financial institution, as opposed to a holding account owned by a fintech provider.

Abhishek Veeraghanta, Founder + CEO | abhishek@pidgin.net | pidgin.net

**Spiral – New York, NY**

Spiral is the pioneer of the Impact-as-a-Service™ platform that helps financial institutions amplify KPIs of customer engagement and retention by easily embedding sustainability, social impact, and ESG into their products.
